

## Children's Flu Vaccination – IPU Promotional Materials

Please note that due to changes in the HSE age cohort eligible for the LAIV nasal flu vaccine, we have had to remove some of the IPU support materials for this campaign from the website. If you have been using the following IPU children's flu vaccination promotional materials, please do not continue to use them.

- Radio Ad;
- Video; and
- Social Media videos.

Please click **here** to download the revised list of IPU materials that can still be used.
