

COVID-19 Vaccination Programme

Monthly stock reconciliation

The HSE is implementing a new way of reconciling the COVID-19 stock levels for participating pharmacies in the National COVID-19 vaccination programme. This is to replace the previous vaccine reconciliation process.

In the new process, your pharmacy will receive an email through healthmail from Vision with a link to a survey in which you will be requested to record the COVID-19 vaccine stock levels in

your pharmacy. The survey only takes a few minutes to complete. If you experience any difficulty while completing the survey, we advise you to contact your relationship manager from Vision by calling 01 448 5699 or email **pharmacyvaccines@vision.com**.
