

# IPU SOPs Supporting Point of Care Services

We have a number of SOPs available on our website that will support you with the provision of Point of Care services in your pharmacy. The SOPs available on the IPU **SOPs and Guidelines webpage** include:

- **IPU SOP for Blood Pressure Measurement using an Automated Electronic Device**
- **IPU SOP for the Measurement of Full Lipid Profile**
- **IPU SOP for the Measurement of Glycated Haemoglobin (HbA1c) using an Automated Machine**
- **IPU SOP for the Measurement of Pulse Rate**
- **IPU SOP for the Measurement of Waist Circumference**
- **IPU SOP for the disposal of Sharps and Clinical Waste**
- **IPU SOP for the Prevention and Management of Needle-Stick injury**
