# IPU Website – Access

We have made some updates to the IPU website to make it more accessible. All content and sections within the members section are now available to everyone, irrespective of their membership type. Also, if you click on any link of the weekly newsletter and you are required to log in, the website will remember and go to the link that was clicked, (previously, the website directed straight to the homepage).

Furthermore, we now have a Digital Content and Web Administrator dedicated to looking after

the website If you have any feedback or suggestions, please email Gloria Carrillo at **gloria.carrillo@ipu.ie**.
