

Step-Up to Supervising Pharmacist Course – Starting 29 September

The IPU Step-Up to Supervising Pharmacist course has been designed to help prepare Pharmacists for the transition to Supervising Pharmacist. This course will provide you with a grounding in your level and professional responsibilities.

The course is recommended for pharmacists with 1-2 years post-registration experience, those returning to the profession or those who have recently joined the register from another country.

The course runs on Sunday 29 September from 10.00am – 4.00pm. For more information and to enrol click [here](#).
