

## Hickeys Pharmacy

Hickey's Pharmacy team have an exciting opportunity for a Supervising Pharmacist to join the team in our Dublin City Store.

### The Role:

Great dispensary support

Friendly welcoming atmosphere

Would suit an ambitious pharmacist looking for a new challenge.

Supported in-store by an excellent team

Regular roster pattern.

Excellent training and support structures are also available centrally from our pharmacist management team.

What we commit to you in return:

In return our Supervising Pharmacists will receive an industry leading benefits package. Some benefits include but are not limited to:

Competitive salary

Employer Pension Contribution

Flexible Work Patterns

CPD allowance

Sunday premium pay

Employee Assistance program

Reimburse PSI fees

Generous staff discounts

IPU membership

Tax saver travel scheme.

Additional annual days for service years as well as recognising other special occasions e.g. getting married!

### Hickey's Pharmacy

Hickey's Pharmacy is an award-winning, community pharmacy group with 36 stores, over 370 employees and strong growth ambitions. We understand the importance of delivering accessible healthcare and the critical role of the pharmacist in achieving this.

We're health people. If you want to deliver exceptional care in a supported environment with learning and development opportunities, then Hickey's could be the place for you.

Hickey's Pharmacy are part of the Uniphar Group which owns a network of over 100 pharmacies under the Allcare, Hickey's and Life brands and supports many more independent pharmacies in symbol groups. The Uniphar group now employs over 3,000 people at locations in Ireland, the UK, the US and across Europe meaning wonderful career development opportunities across its divisions.

#### Duties and Responsibilities:

To act as Supervising Pharmacist

Ensuring that we consistently deliver the type of exceptional service that patients will tell their friends about.

Working with teams to develop a culture of patient focused care.

To lead by example to deliver professional and efficient customer service, in accordance with PSI and company guidance.

Build positive relationships with others in the pharmacy to create a positive working environment.

#### The behaviours we are seeking

Customer Focused – Excellent Interpersonal skills, ensure that every contact is meaningful for the customer  
Innovation Hungry – A creative thinker with an ability to come up with new ideas and make things better  
Ambitious & competitive – Competitor aware with a can-do attitude.

Bringing energy and passion to your work and aiming to grow the business by offering the best customer experience in the local and national market.

One Company, Local Roots – Seek out opportunities to adopt best practice & adapt within your pharmacy  
Trust – We are reliable and transparent to deal with. We deliver for others and trust others to do likewise. We are looking for a committed, honest and open person.

#### Qualifications, Experience & Skills Required

Member of the Pharmaceutical Society of Ireland.  
Previous experience in Irish community pharmacy is an advantage but full training will be given to those coming from other backgrounds.

Highly organised, excellent attention to detail, with a proven ability to work on multiple tasks accurately in a busy environment

If you're a people person and have ambitions to join a progressive company, we'd love to hear from you today.
